Impel™ Portable Power Device

Carry the renewable battery system that can charge nearly any electronics device. Building on the award-winning Solo™ platform, the new Impel delivers similar output in a tighter package. Charge nearly any type of electronic device, including cell phones, cameras and laptops through a multitude of built-in outputs. Connects directly to product without multiple connection cords. Nearly 50% reduction in product size and weight vs. Brunton Solo products.

Price: Available Feb. 2010

Features

- Water resistant
- Durable rubberized shell
- Weight: Less than 6 ounces
- Internal rechargeable Lithium Polymer
- Power gauge and auto shut-off
- Reverse flow protection
- Includes: Accesory cables
- Battery storage: 145 WH
- USB, 12V, 16V and/or 19V output
- Output: 600 mA @ 5V;
- 3,200 mA @ 12V, 16V and 19V.
- Conforms with FCC Standards
- Lithium polymer (Iron-Phosphate)
- No disposal or overheating issues
- Weight: 38 oz
- Dimensions: 7.5" x 7" x 1"
