Product Summary

Goal Zero's largest solar panel. Portable, rugged, and powerful. Designed for mobile basecamps and die-hard adventurers a standard MC4 connector for third-party charge controllers and built-in charging cable for Sherpa Power Packs and Goal Zero Yeti Solar Generators.

Product Description

Portable, rugged, and powerful. The Nomad 100 is designed for mobile basecamps and die-hard adventurers. It is built with standard MC4 connectors for use with third-party charge controllers and built-in charging cable for Sherpa Power Packs and Goal Zero Yeti Solar Generators. Can be chained in series or parallel to collect more power from the sun.

What Can The Nomad 100 Charge?

The solar panel does not hold a charge... it produces power when it is exposed to sunlight. You can store the power it produces in a portable power pack.

This panel is a good choice to power the Goal Zero Yeti [500X](#), [1000X](#), [1500X](#), or [3000X](#)
