Product Summary

The Goal Zero 98058 Yeti Lithium power supply cable allows you to charge Yeti 400 and larger from an AC wall outlet. This cord is included with a Yeti purchase. Use as a replacement power supply or double up for faster charge times on a Yeti Lithium 1000/1400/3000.

Product Description

The Goal Zero 98058 Yeti Lithium power supply cable allows you to charge Yeti 400 and larger from an AC wall outlet. **This cord is included with a Yeti purchase.** Use as a replacement power supply or double up for faster charge times on a Yeti Lithium 1000/1400/3000.

98058 Wall Charger Works with...

Goal Zero Yeti 400, 1250

Goal Zero Yeti Lithium 400, 1000, 1400, 3000

Goal Zero Sherpa 50/100/100AC

PORTS - Input: 8.0mm - Output: AC Wall Plug **GENERAL** - Product SKU: 98058 - Gauge: 18 - Cord Length: 12 feet - Used with: Goal Zero Yeti 400/1250 and Yeti Lithium 400/1000/1400/3000

98058 Notes From Goal Zero...

Q : Are the Lead Acid Yeti 400's now shipping with these instead of the old 400 wall adaptor?

A : The specs for both are the same, but we have changed manufacturers and will be consolidating to one power supply.

Q : If I wanted to use this as a second power charger for my Yeti 1400 Lithium, how do I use it? Which port do I plug it into?

A : You will just plug it into the second 8mm input on the front of the Yeti 1400. If you already have both 8mm inputs occupied, you will need the 4x 8mm Combiner cable
