**SPRING 2021 UPDATE: The Venture 70 is being replaced by the new Venture 75. Now with USB-C capability. Coming May 2021.**

## Product Description

The Goal Zero Venture 70 USB Solar Battery is an upgrade to the popular [Venture 30](#). With almost 70 Watt-Hours of power storage, the Venture 70 is able to provide you with greater independence when out in the wild. More power for phones, satellite phones, GPS, cameras, and more. With an IPX67 weatherproof rating and 17,700mAh the Venture will keep everything running smoothly.

**SPRING 2021 UPDATE: The Venture 70 is being replaced by the new Venture 75. Now with USB-C capability. Coming May 2021.**

### Venture 70 Features

#### Smart Charging Technology

Features two USB ports capable of dishing out 2.4A at the same time, not to mention the smart charging sequence that optimizes the Venture's output to match what's plugged in to eliminate the damaging effects overcharging.

#### Waterproof in Use

Spray it down, take it to the beach, leave it in the rain - and never worry about rubber plugs. It's engineered to get out, stay out and handle whatever Mother Nature can throw your way - even a drop in a puddle.

#### 66.9 Wh, 17,700mAh Power Pack

Power phones (5-6x), tablets (2x) and more. Lightweight and packable from the airport to the trail.

#### Charge Your Venture 70

THERE ARE 2 WAYS TO CHARGE YOUR VENTURE 70 RECHARGER:

#### **The Sun:**

The Venture 70 can be charged by connecting a compatible solar panel. The Nomad

20 can recharge it in about 8 hours.

Best Solar Matches for This Battery: [Nomad 14+](#)], [Nomad 28+](#)], [Arc 10W](#)] **USB**

### **Port:**

The Venture 70 can be recharged from a 2A USB Source in about 8 hours.

Use Your Venture 70

Two high-speed ports (2.4A) capable of dishing out the fastest charge possible, at the same time. Power two devices at once or share with a buddy. Integrated Flood Charge optimizes your charging time.
