Product Summary

SAE to CLA Connector creates a vehicle power socket on the output cable of a P3 solar panel. Great for charging any device with a car adaptor.

Product Description

P3 Solar Accessory : SAE to CLA socket

SAE to CLA cigarette socket connector is a popular output connector that offers a lot of connectivity for your solar panel. It creates a standard automotive power socket on the output cable of a P3 solar panel. Use this to connect to any device that has a 12V car adaptor. You can also use it for...

- Car accessories - Connecting to battery packs that charge from vehicles -

Connecting to portable CPAP machines that have their own car adaptor & internal battery pack
