

## 285W Silfab SLA-M Solar Module

CAD \$319.00][15, 117, 84][14]

**SKU:** SILFAB-SLA-X-285-1

**Product Categories:** [60-Cell : Grid & Off](#), [Solar Modules](#), [Supply](#)

**Product Tags:** [285](#), [285 watt](#), [285w](#), [canada](#), [Canadian](#), [canadian solar](#), [north american](#), [silfab](#), [silfab sla-m](#), [sla-m](#), [sla-m 285w](#), [sla-x](#), [Solar Module](#)

### Product Summary

Silfab SLA-M 285W Solar Module. Silfab's 285 ultra-high-efficiency modules are optimized with premium mono crystalline cells up to 21.5% efficiency. Designed to be architecturally distinct and delivering low-degradation and maximum power density.

Proudly Canadian & North American!

## Product Description

Silfab SLA-M 285W Solar Module. Silfab's 285 ultra-high-efficiency modules are optimized with premium mono crystalline cells up to 21.5% efficiency. Designed to be architecturally distinct and delivering low-degradation and maximum power density.

### Silfab SLA-M Features...

#### 100% Maximum Power Density

Silfab's SLA-M 285 ultra-high-efficiency modules are optimized for both Residential and Commercial projects where maximum power density is preferred.

#### 100% North American – Quality Matters

Silfab's fully-automated manufacturing facility ensures precision engineering is applied at every stage. Superior reliability and performance combine to produce one of the highest quality modules with the lowest defect rate in the industry.

#### North American – Customized Service

Silfab's 100% North American based team leverages just-in-time manufacturing to deliver unparalleled service, on-time delivery and flexible project solutions.

#### Proudly Canadian & North American

Silfab's fully-automated manufacturing facility ensures precision engineering is applied at every stage. Superior reliability and performance combine to produce the lowest defect rate in the industry. Silfab's 100% North American based team leverage just-in-time manufacturing to deliver unparalleled, on-time delivery and flexible project solutions. Head office: Mississauga, ON, Canada.
