Product Description

The Snow Lizard SLXtreme iPhone 6/6S Case. The one case you simply must have for your iPhone. The SLXtreme is a phone case like no other. It provides unparalleled protection and power, allowing you to take your iPhone to places it's never been before. Protection & power in one package makes it perhaps the best iPhone case on the market.

Compatible with the iPhone 6/6S only.

Looking for the [SLXtreme iPhone 7](#)] or [iPhone 7 Plus case](#)]?

Custom Order Item - Usually ships within 5 business days.

The Basics

The SLXtreme is a **solar-powered, waterproof** case for iPhone 6/6S with a slim design and military-grade **ruggedness** that still provides 100% phone functionality. You'll have **full touchscreen access** to call, text, capture photos or videos while your iPhone is powered and protected in the case.

Thoughtful Extras

It also features **rubberized side grips** to make it easier to hold when wet or dirty and has a **carabiner loop** to secure it to your backpack or favorite lanyard.

The case's **QuickLatch** system was designed for easy entry and removal of your phone. Simply remove the bottom of the case, fit your phone into the lightning

charger and slide your iPhone 7 back into the case. Snap the QuickLatch closed and you're ready to adventure.

The packaging is a dry box! Keep it & use it to keep other items safe from the elements too!

A Closer Look...

The SLXtreme has 4 key features that enhance the usability of your iPhone...

Solar Powered

Built-in 20% efficient monocrystalline solar panel trickle charges to replenish the integrated battery.

1 Hour Sun exposure = 10 minutes of talk time

Integrated Battery

Built-in 4000 mAh Lithium Ion battery has a lightning connector and Micro USB recharging port. It extends your phone's power by 185% or an additional 16 hours of talk time.

Waterproof

Certified at the highest rating for ingress protection from water and dust -- IP-68.

An IP-68 is water and dustproof up to 6.6 feet.

Rugged

Poly-carbonate exterior earns MIL-STD 810-G rating. Withstands extreme temperature, exposure and falls from up to 6.6 ft.
